Application No.: 10/599,853 : DECISION ON PETITION

Attorney Docket No.: 2088-001 :
For: A MACHINE INTERFACED COFFEE PODS :
INCLUDING O-RING AND A BREWING METHOD :
THEREOF :

This application is before the PCT Legal Office for consideration of applicant's Request of Inventor's Name Correction filed on 11 October 2006 in the United States Patent and Trademark Office (USPTO) in the above-captioned application.

Applicant requests the correction of the inventor's name. Applicant explains the error in the inventor's name is typographical. The declaration filed with the request is in compliance with 37 CFR 1.66 or 1.68.¹

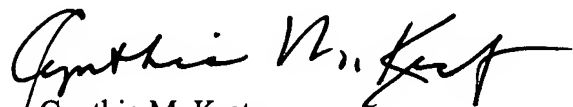

Applicant indicates that the correct inventor's name is Fijeau Kim as indicated in the declaration filed 11 October 2006 rather than Kim Fijeau, as incorrectly indicated in the international application as the result of a typographical error (the first and last name were reversed).

Applicants' explanation of the difference in the order of Fijeau Kim's name is accepted and noted for the record.

¹Section 201.03 of the Manual of Patent Examining Procedure states where a typographical or transliteration error in the spelling of an inventor's name is discovered, the Office should simply be notified of the error to correct the name of the inventor.

For the reasons above, the Request is **GRANTED**. No petition fee is required.

This application is being forwarded to the National Stage Processing Branch of the International Division for further processing. The 35 U.S.C. 371(c)(1), (c)(2) and (c)(4) date is 11 October 2006.
